ACCEPTED MOBILE SHEEP HANDLING FACILITIES

This list details all the companies that are accepted as producing mobile sheep handling facilities. The units will still be subject to a final inspection before grant-aid is paid.

If a manufacturer is not included on this list, then initial approval for grant aid shall not be given unless the applicant arranges for the Departmental acceptance of the chosen system.

If a sheep handling facilities manufacturing company which is not on this list wishes to be included, it should send detailed specifications of their units to: Engineering Services Unit, Nitrates, Biodiversity and Engineering Division, Pavilion A, Grattan Business Centre, Dublin Road, Portlaoise, Co. Laois, Ireland.

Note 1: Mobile sheep handling equipment is defined as being equipment that can be transported using a trailer unit, attachable wheels or tractor three-point linkage. The equipment shall not be concreted, bolted or permanently fixed in place.

Note 2: All separate elements within one unit shall have the same unique serial number engraved (or printed on a securely fixed plate) on each component. The serial numbers shall not be written on to the components using permanent marker or a similar such system.
