

[Certificate to be typed on Manufacturers Headed Paper]

CERTIFICATE OF SLAT MANUFACTURE [AES C.03]

Slats for: [farmer's name and address]

I confirm the delivery of the slats listed below.

I certify that all slats were manufactured in accordance with Irish Standard Specification IS 249 : 1992, and that these slats are identical in all respects to the particular slat(s) tested by ENTERPRISE IRELAND or _____ (*Chartered Engineers name*)_____ and confirmed by them to have passed all tests, and thus accepted by the Department of Agriculture and Food. Alternatively, if the delivered slats are shorter than those tested by ENTERPRISE IRELAND or _____ (*Chartered Engineers name*)_____ , I certify that in all other respects [depth; quality of concrete; arrangement of ribs; position, number, diameter and quality of steel re-inforcing bars] they are identical to those tested.

I also certify:-

- (a) That any external slabs supplied by us comply with the same loading requirements as for Heavy-Duty Slats; and that any central-passage re-enforced slabs supplied comply with the loading requirements of Clause 8.9 of S.123.
- (b) That all safety covers supplied in the slats/slabs comply with Clause 4.5 of S.123; [galvanised to ISO 1461 (1999); manufactured to withstand a test load of at least 40 KN, in accordance with EN 124.].

For example:-

Schedule of Delivered Slats:

Number	Type	Length [m]	Depth [mm]
48	4 rib gang	3.8m	175
