The Speakers

Mary Lynch M.Agr.Sc.

Mary Lynch M.Agr.Sc. is an Organic Adviser with over ten years experience of converting conventional farms to organic throughout Ireland. She is a co-author of the book on Parasite Control in Farm Animals. A resident teacher at the Organic College, she is the chairperson of the National Organic Standards Committee of I.O.F.G.A.

Denis Cotter

Denis Cotter is the founder and owner of Café Paradiso in Cork. A master chef, he has published two books on food and is a committed supporter and friend of the organic movement.

Kathy Sinnott

Kathy Sinnott is a Member of the European Parliament for Munster. Having grown up on a farm, she has a lifelong interest in health, in care of people with special needs and in rural living issues. She has been active on a range of environmental issues at local and European level including industrial pollution, genetically modified crops and radiation. She will explore the vision of a 21st Century agriculture which is modern, sustainable, and assessable to people who want to farm and grow.
